

LANGKAWI SUMMER CAMP 2026

KILIM GEOFOREST PARK

A Summer Built Around Four Core Skills for the Future

Langkawi Summer Camp is designed around four essential learning pillars that shape confident, capable, and creative young minds.

Welcome to Our Summer Camp 2026 Guidelines

Rather than focusing on a single subject, this 1-month full-immersion programme gives students a balanced foundation in language, thinking, creativity, and real-world skills all while living, learning, and exploring together on one of Southeast Asia's most beautiful islands.

Set in Langkawi, Malaysia, the camp blends structured daily classes, hands-on application, outdoor adventure, and guided independence into a safe, enriching summer experience.

Where care begins, futures grow.

PROGRAMME OVERVIEW

The programme is intentionally structured around four core courses, supported by activities, workshops, and real-life practice.

English

Build confidence in speaking, listening, reading, and writing through classroom learning and daily real-world use.

Mandarin

Introductory and conversational exposure to Mandarin, focusing on listening, basic speaking, and cultural familiarity.

Finance

Age-appropriate financial literacy covering money management, saving, spending, basic investing concepts, and teamwork-based simulations.

Art

Creative exploration through visual art, design thinking, and playing clay work, paint, architecture ideas - encouraging self-expression and imagination.

These four courses run Monday to Friday, supported by workshops, activities, and weekend adventures that reinforce learning through experience.

**Come join us on an
experience of a
lifetime.**

Education, friendships, adventures,
and memories that will stick with
your child long after summer ends.
